Jackie Tibbault had replied to say she was on holiday and would sort out a date for us to visit on her return

**SW** advised that a footer had been added to Practice letters to advertise the PPG

**RJ** to send items of interest for website PPG page to **SW**

#### **Discussed**

We have a possible volunteer to assist with the garden project at Langham Primary School. We will continue to take this forward with a view to making a practical start, on the ground, in the Spring. Aim to involve patients from the practices to provide companionship and exercise – and produce to be sold to parents at the gate and also used at the established Village Lunches in Langham.

The PPG to have a table for information for patients at the Autumn Flu Clinics in both surgeries

**SW** to obtain dates and outline permission for this.

We made plans for the first of the **Winter Lecture Series**.

This could be made available to all three surgeries

Somerby Surgery waiting room to be used on one of the afternoons that the surgery is closed.

First subject will be hearing and Boots will be approached to see if they have an 'Expert' willing to attend and explain the various options regarding hearing loss.

**SW** to see if there is a medical expert able to attend as well. Possible October date.

Miriam – do you have any contacts or would you like to contact Boots?

Second lecture - Podiatry - November

#### **AOB**

Since the meeting, we have had an enquiry from Mike and Kathryn Fryer who have recently returned to live at Wymondham. They are going to come along and meet us at our next meeting and I am including them in the mail outs so that they can become acclimatised. They liked the sound of the practical aspects of our PPG although Mike has experience from a different PPG, run more like Oakham. Welcome to Mike and Kathryn.

**Next Meeting: Monday August 14<sup>th</sup> 2 pm at The Old Smithy, Burley LE15 7TB**
